Subject: Submission of Six-monthly EC Compliance report for the period of **November'24 to May'25**.

Reference:

1. Environmental Clearance vide **F. No. 11-01/2014-IA-III Dated 5th March 2019**
2. Environmental Clearance vide **F. No. 11-01/2014-IA-III Dated 30th May 2022**

Dear Sir,

This has reference to the above permission granted by MoEF&CC vide letter F. No. 11-01/2014-IA-III Dated 5th March 2019 for Development of LNG Storage and re-gasification terminal at village Chhara, Taluka Kodinar, District Gir Somnath, Gujarat. We wish to submit that we have received Environment Clearance with changed name of the company vide letter F. No. 11-01/2014-IA-III dated 30th May 2022 as referred above.

As per Clause (iii) of Part B: General Conditions of the Environment Clearance, we are required to submit six-monthly monitoring report to the regional office of the ministry. Further, as per MoEF&CC's OM ref. F. No. IA3-22/1/2022-IA-III [E-172624] dated 14th June 2022 the six-monthly compliance report to be submitted through PARIVESH Portal. However, due to technical issue we are unable to submit the compliance report through PARIVESH Portal.

Accordingly, we are submitting herewith six months the EC compliance report thru e-mail for the period of **November'24 to May'25** on implementation of various conditions of EC as per clause 10 of EIA notification, 2006 & amended till date. We have taken up with technical team of PARIVESH portal for resolving the issue and will be submitting the compliance report on PARIVESH Portal at earliest.

We hope you will find this in order.

Thanking you,

Very Truly Yours

Debasish Goswami
Chief Executive Officer

Encl.: As above

Annexure 17: Photographs	85

SIX MONTHLY COMPLIANCE OF ENVIRONMENTAL CLEARANCE FOR THE MONTH JUNE TO NOVEMBER 24

M/s. HPCL LNG LIMITED.

(Ref: FILE NO: 11-01/2014-IA III DATED 5TH MARCH 2019)

About Project:

M/s. HPCL LNG LTD. "HPLNG" is developing a 5 MMTPA Greenfield LNG Storage and Regasification Terminal at Village Chhara, District Gir-Somnath, Gujarat. The LNG Terminal is developed within Chhara Port.

The Chhara Port is being developed by M/s Simar Port Pvt. Ltd. "SPPL" under Concession Agreement between Gujarat Maritime Board "GMB", Simar Port Pvt. Ltd., and Government of Gujarat.

HSEPL was granted Environmental and CRZ Clearance vide letter F.No. 11-01/2014-IA-III dated 5th March 2019, for development of LNG storage and Re-gasification Terminal at Village Chhara, Taluka Kodinar, District Gir Somnath, Gujarat.

There is a change in corporate structure of HPCL Shapoorji Energy Private Limited "HSEPL". HSEPL became a 100% subsidiary of Hindustan Petroleum Corporation Limited "HPCL" on 30th March 2021, by acquiring 50% stake in HSEPL held by M/s. SPPPL. It is now a Public Limited Company and its name changed to HPCL LNG Limited "HPLNG" effective 10th September 2021.

In this regard, HPLNG applied for name change application in EC letter with Ministry of Environment Forest and Climate Change (MoEFCC) with Proposal No. IA/GJ/IND2/263246/2022 dated 24/03/2022.

The Environmental Clearance has been transferred in the name of HPLNG vide letter F.No. 11-01/2014-IA-III dated 30th May 2022, for development of LNG storage and Re-gasification Terminal at Village Chhara, Taluka Kodinar, District Gir Somnath, Gujarat.

LNG Terminal site development activities commenced from September 2019. The terminal is commissioned in January 2025 and currently is under normal operations.

A. Compliance Status on Environmental and CRZ Clearance

S. No.	Condition	Status	Status of Compliance
A	Specific Conditions		
i.	Construction activity shall be carried out strictly according to the provisions of CRZ Notification, 2011. No construction work other than those permitted in Coastal Regulation Zone Notification shall be carried out in Coastal Regulation Zone area.	Complied	Construction activity carried out according to the provisions of CRZ Notification, 2011. No construction work other than those permitted in Coastal Regulation Zone Notification will be carried out in Coastal Regulation Zone area.
ii.	All the recommendations and conditions specified by The Gujarat Coastal Zone Management Authority (GCZMA) vide letter no. ENV-10-2016-50-E (T cell) dated February 2, 2017 shall be complied with.	Agreed	Compliance of recommendation are attached as Annexure -1
iii.	The project proponent shall ensure that the project is in consonance with the new CZMP prepared by the State Government under the provisions of the CRZ Notification, 2011.	Complied	
iv.	The Project proponent shall ensure that no creeks or rivers are blocked due to any activities at the project site and free flow of water is maintained.	Complied	There are no creeks or rivers within the proposed LNG Terminal area.
v.	Shoreline should not be disturbed due to any activity. Periodical study on shore line changes shall be conducted and mitigation carried out, if necessary. The details shall be submitted along with the six monthly monitoring reports.	Will be complied	Please refer Annexure-2 , wherein Simar Port Pvt. Ltd. (SPPL) has given its comments regarding compliance of the condition.
vi.	The ground water shall not be tapped within the CRZ areas by the Project Proponent to meet with the water requirement in any case. Monitoring of ground water shall be carried out as per CGWA guidelines.	Being Complied	During construction phase required water sourced by tanker from Kodinar and Devli Village. Ground water is not being used as water source during construction and operation phase. No ground water tapping. Ground water is being monitored; water analysis reports are attached as Annexure 3 .
vii.	Based on the Comprehensive Marine EIA study done by National Institute of Oceanography (NIO) as submitted with EIA/EMP report, a detailed marine biodiversity	Will be Complied	Please refer Annexure 2 wherein Simar Port Pvt. Ltd. (SPPL) has given its comments regarding compliance of the condition.

S. No.	Condition	Status	Status of Compliance
	management plan shall be prepared on marine, brackish water and fresh water ecology and biodiversity and implemented. The report shall be based on a study of the impact of the project activities on the intertidal biotopes, corals and coral communities, molluscs, sea grasses, sea weeds, subtidal habitats, fishes, other marine and aquatic micro, macro and mega flora and fauna including benthos, plankton, turtles, birds etc. as also the productivity. The data collection and impact assessment shall be as per standards survey methods. It will also address to the whales and turtles and the impact of oil spills on the complete spectrum of marine biology.		
viii.	Marine ecology shall be monitored regularly also in terms of sea weeds, sea grasses, mudflats, sand dunes, fisheries, echinoderms, shrimps, turtles, corals, coastal vegetation, mangroves and other marine biodiversity components as part of the management plan. Marine ecology shall be monitored regularly also in terms of all micros, macro and mega floral and faunal components of marine biodiversity.	Will be complied	Please refer Annexure 2 wherein Simar Port Pvt. Ltd. (SPPL) has given its comments regarding compliance of the condition.
ix.	Online pollutant monitoring shall be provided as per CPCB guidelines for monitoring particulate matter, SO ₂ , NO _x and CO from the stack. HC and CO to be included in the regular AAQ monitoring.	being complied	The Online stack monitoring devices have been Installed, and the regular monitoring is being carried out during plant operation.
x.	Apart from Emergency Response Plan as submitted with EIA/EMP report, the project proponents would also draw up and implement a management plan for the prevention of fires due to simultaneous handling of coal and LNG in close vicinity	Complied	Emergency Response & Disaster Management Plan has been prepared, approved by HPLNG Board and submitted to PNGRB.
xi.	The project proponents will draw up and implement an action plan to watch the interest of the fishing communities, apprehensive of adverse impacts, particularly fisherman communities in the	Will be complied	Please refer Annexure 2 , wherein Simar Port Pvt. Ltd. (SPPL) has given its comments regarding compliance of the condition.

S. No.	Condition	Status	Status of Compliance
	villages of Dhamleg, Muldwaraka, Chhara, Madhwad, Kotrada and Velna.		
xii.	Ship movements shall be so regulated that the mangroves of the Madhwad creek, reported to be 7 Kms away from the project site are not adversely affected.	Will be complied	Please refer Annexure 2 , wherein Simar Port Pvt. Ltd. (SPPL) has given its comments regarding compliance of the condition.
xiii.	Spillage of fuel / engine oil and lubricants from the construction site are a source of organic pollution which impacts marine life, particularly benthos. This shall be prevented by suitable precautions and also by providing necessary mechanisms to trap the spillage.	Complied	HPLNG has completed construction activities, The terminal is commissioned in January 25 & currently is under normal operations
xiv.	Necessary arrangements for the treatment of the effluents and solid wastes must be made and it must be ensured that they conform to the standards laid down by the competent authorities including the Central or State Pollution Control Board and under the Environment (Protection) Act, 1986.	Being complied	HPLNG will comply to all the standards as laid by central or state pollution control board
xv.	All the recommendations mentioned in the rapid risk assessment report, disaster management plan and safety guidelines shall be implemented.	Being complied	All the recommendations mentioned in the rapid risk assessment report, disaster management plan and safety guidelines are being implemented.
xvi.	The commitments made during the Public Hearing and recorded in the Minutes shall be complied with letter and spirit. A hard copy of the action taken shall be submitted to the Ministry.	Will be complied	Please refer Annexure 2 , wherein Simar Port Pvt. Ltd. (SPPL) has given its comments regarding compliance of the condition.
xvii.	Vocational Training shall be included in the CSR.	Will be complied	CSR activities will be planned upon commencement of commercial operations of the LNG Terminal.
xviii.	All the mitigation measures submitted in the EIA report shall be prepared in a matrix format and the compliance for each mitigation plan shall be submitted to the RO, MoEF&CC along with half yearly compliance report.	Will be complied	Mitigation measures like Covering trucks to prevent dust emission, temporary sanitation facilities and water tanker from nearby villages are being complied. All the mitigation measures submitted in the EIA report will be implemented. Ambient air quality and Noise level monitoring results for the site are attached as Annexure 3 .
xix.	As per the Ministry's Office Memorandum F.No.22-65/2017-IA.III dated 1st May 2018, the project proponent shall prepare	Complied	Corporate Environment Responsibility (CER) plan shall be prepared and implemented.

S. No.	Condition	Status	Status of Compliance
	and implement Corporate Environment Responsibility (CER) Plan.		HPLNG has received "CERTIFICATE" from Taluka Health Office for donating 2 TPD (1000 LPM) Medical oxygen plant PSA Plant. As a part of CER HPLNG has established a health centre at Superintendent Office, Inaj at Gir Somnath Certificate for the same is attached as Annexure 16 .
B	General Conditions		
i.	Appropriate measures must be taken while undertaking digging activities to avoid any likely degradation of water quality.	Complied	Ground water analysis reports are attached as Annexure 3 .
ii.	Full support shall be extended to the officers of this Ministry/ Regional Office at Chennai by the project proponent during inspection of the project for monitoring purposes by furnishing full details and action plan including action taken reports in respect of mitigation measures and other environmental protection activities.	Agreed	HPLNG will extend full support to the officers of MoEFCC/ Regional Office.
iii.	A six-Monthly monitoring report shall need to be submitted by the project proponents to the Regional Office of this Ministry at Chennai regarding the implementation of the stipulated conditions.	Complied	Six-monthly monitoring report is being submitted to the Ministry and HPLNG will continue to adhere to this provision.
iv.	Ministry of Environment, Forest and Climate Change or any other competent authority may stipulate any additional conditions or modify the existing ones, if necessary in the interest of environment and the same shall be complied with.	Agreed	HPLNG acknowledges that MoEFCC and other competent authority may stipulate additional conditions or modify the existing ones. HPLNG will comply with the conditions as stipulated by MoEFCC/competent authority.
v.	The Ministry reserves the right to revoke this clearance if any of the conditions stipulated are not complied with the satisfaction of the Ministry.	Agreed	
vi.	In the event of a change in project profile or change in the implementation agency, a fresh reference shall be made to the Ministry of Environment, Forest, and Climate Change.	Agreed	HPLNG has applied and received Environmental Clearance vide letter F.No. 11-01/2014-IA-III dated 30th May 2022 upon change in name.

S. No.	Condition	Status	Status of Compliance
vii.	The project proponents shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of land development work.	Agreed	<p>HPLNG achieved financial closure on 29th January 2022. Common Rupee Loan Agreement was signed between HPLNG and State Bank of India (SBI).</p> <p>HPLNG has received Consent to Establish (CTE) no. 78045 from the Gujarat Pollution Control Board (GPCB) vide letter no. 	the Gujarat Ecology Commission/ Forest Department by M/s HPCLSEPL.		regarding compliance of the condition. PCCF has responded to the SPPL letter no. SPPL/Chhara/80/2019. PCCF letter is attached as Annexure 2A .
20.	M/s HPCLSEPL shall have to contribute financially for taking up the socio-economic upliftment activities in this region in consultation with the Forests and Environment Department and the District Collector / District Development Officer.	Being complied	As a part of CER and to help local administration in fighting COVID19 pandemic, HPLNG (formerly known as HSEPL) distributed Oxygen Concentrators & Ventilators. "CERTIFICATE" received from Taluka Health Office for donating the medical equipments Certificate for the same is given as Annexure 16 CER activities will be planned upon commencement of commercial operations of the LNG Terminal.
21.	A separate budget shall be earmarked for environmental management and socio-economic activities including the greenbelt/ mangrove plantation and details thereof shall be furnished to this Department as well as the MoEF& CC, GOI. The details with respect to the expenditure from this budget head shall also be furnished along with the compliance report.	Will be complied	Please refer Annexure 2 , wherein Simar Port Pvt. Ltd. (SPPL) has given its comments regarding compliance of the condition.
22.	A separate Environmental Management Cell with qualified personnel shall be created for environmental monitoring and management during construction and operational phases of the project.	Being Complied	HPLNG has setup Health, Safety & Environment (HSE) department headed by HOD-FSS. HSE department under guidance of HOD-FSS will ensure the regular environment monitoring & compliances
23.	Environmental Audit report indicating the changes, if any, with respect to the baseline environmental quality in the coastal and marine environment shall be submitted every year by	-	Not applicable to period under review. Will be complied during operation phase.

S. No.	Recommendation	Status	Status of Compliance
	M/s HPCLSEPL to this Department as well as to the MoEF&CC, GOI.		
24.	A six-monthly report on compliance of the conditions mentioned in this letter shall have to be furnished by M/S HPCLSEPL on a regular basis to this Department as well as to the Ministry of Environment, Forests and Climate Change, Government of India	Complied	Six-monthly monitoring report Is being submitted to the Ministry and HPLNG will continue to follow to this provision.
25.	Any other condition that may be stipulated by this Department/ Ministry of Environment Forests and Climate Change, Government of India from time to time for environmental protection / management purpose shall also have to be complied with by M/s HPCLSEPL.	Agreed	
PCCF Conditions			
1.	The phase I of project envisaged 5 MTPA (million tonne per annum) of coal which is likely to generate vehicle 400 truck. While phase II envisages that the LNG terminal will be having capacity of 5MMTP A expandable upto 10 MMTP A and this will generate significant traffic of more than 1000 trucks per day during operation.	Will be complied	Please refer Annexure 2 , wherein Simar Port Pvt. Ltd. (SPPL) has given its comments regarding compliance of the condition.
2.	The road route proposed for phase II has been slightly modified from that in phase-I. The Sarkadi village will now come to the west of the road. The old and new alignment is as shown in annexure 1 of report. The new alignment must be studied and adequate number of underpasses needs to be provided as suggested in EIA Report as well as Lion Conservation Plan.	Will be complied	Please refer Annexure 2 , wherein Simar Port Pvt. Ltd. (SPPL) has given its comments regarding compliance of the condition.
3.	During construction phase the movement of material would be	Will be complied	Please refer Annexure 2 , wherein Simar Port Pvt. Ltd.

S. No.	Recommendation	Status	Status of Compliance
	through ship & road. The site manager informed that some material of proposed extension (including old one as it is not yet constructed) is to be brought from local quarries. Therefore the road construction with underpasses is must beforehand so that wildlife conflict is minimal. The traffic management plan as proposed in report is necessary.		(SPPL) has given its comments regarding compliance of the condition.
4.	The Pipavav Port the lion death due to accident was mainly due to blockage in natural lines. The same should not happen here so elevated section and green belt must be implemented as per recommendations. However, the road construction is being done by R&B department of Government of Gujarat who may not be aware of the conditions. There are no underpasses in section from NH8E to Bawana Pipaliva. SPPL may be asked to ensure that the underpasses are constructed.	Will be complied	Please refer Annexure 2 , wherein Simar Port Pvt. Ltd. (SPPL) has given its comments regarding compliance of the condition.
5.	During construction phase the movement of material would be through ship & road. Even though the report & letter gives priority to ship load of material the site manager informed that some material of proposed extension (including old one as it is not yet constructed) is to be brought from local quarries. Therefore the road work with underpasses are necessary so that wildlife conflict is minimal. The traffic management plan as proposed in report is necessary.	Will be complied	Please refer Annexure 2 , wherein Simar Port Pvt. Ltd. (SPPL) has given its comments regarding compliance of the condition.
6.	During operational phase the transport LNG and coal is through rails, trucks and LNG pipelines. If the new LPG terminal is proposed then before it gets connected to pipeline may be re-gasified in cylinders and then transported. It	Will be complied	Please refer Annexure 2 , wherein Simar Port Pvt. Ltd. (SPPL) has given its comments regarding compliance of the condition.

S. No.	Recommendation	Status	Status of Compliance
	may be suggested that the bottling plant should be near the Town to minimize additional truck traffic. It may be recommended that the bottling plant may be outside this area and may be connected through pipe line. The idea of connecting the supply with GSPL grid may be preferred over truck transportation.		During operation phase, RLNG supply will be through pipeline connecting to GSPL Gas Grid.
7.	During operational phase the EIA report suggests that there will be uncontrolled commercial growth that may impact agriculture activities. The report suggests that planning authorities of the region have to come with development strategy to regulate the land use change in the vicinity of LNG terminal. (EIA Report, section 4.4.3 in Page 4.24). As land use change will also affect lion and its conflict, this may be added in the recommendation.	Will be complied	Please refer Annexure 2 , wherein Simar Port Pvt. Ltd. (SPPL) has given its comments regarding compliance of the condition.
8.	The labour camp during the construction phase would generate significant sewage lad (EIA Report section 7.4 page xix). It may be recommended that the community toilets and safety of labourers from wildlife is ensured.	Complied	HPLNG has completed construction activities.
9.	The underpasses of adequate number may be provided for proposed rail connectivity (Draft EIA Report fig 2.4 page 2.19) based on study of experts to avoid incidence similar to Pipavav Port.	Will be complied	Please refer Annexure 2 , wherein Simar Port Pvt. Ltd. (SPPL) has given its comments regarding compliance of the condition.
10.	The 100m green belt may be clarified to be outside hard boundary, but within land acquired by SPPL. The plantation may be done by Forest Department and maintenance will be done by SPPL as suggested in recommendation.	Will be complied	Please refer Annexure 2 , wherein Simar Port Pvt. Ltd. (SPPL) has given its comments regarding compliance of the condition. PCCF has responded to the SPPL Letter no. SPPL/Chhara/80/2019. PCCF Letter is attached as Annexure 2A .

S. No.	Recommendation	Status	Status of Compliance
11.	It may be added to recommendations that SPPL should earmark appropriate fund for the cause of conservation of lion and conflict management with "Lion Conservation Society" on annual basis.	Will be complied	Please refer Annexure 2 , wherein Simar Port Pvt. Ltd. (SPPL) has given its comments regarding compliance of the condition.
12.	A Marine Conservation center may be developed at Chhara with objective of education and awareness on conservation.	Will be complied	Please refer Annexure 2 , wherein Simar Port Pvt. Ltd. (SPPL) has given its comments regarding compliance of the condition.
13.	The SPPL may earmark annual fund to carry out activities mentioned in report.	Will be complied	Please refer Annexure 2 , wherein Simar Port Pvt. Ltd. (SPPL) has given its comments regarding compliance of the condition.

ANNEXURE 2: M/s. SIMAR PORT PVT. LTD. (SPPL) HAS GIVEN ITS COMMENTS REGARDING COMPLIANCE OF THE EC CONDITION

Sub: HPLNG EC Compliance, SPPL commitments

Dear Sir,

In regards to HSEPL EC compliance, please find attached list of points that are related to Simar Port Private Limited and our comments on compliance of same.

S. No.	Action Point	SPPL Comment
I	Compliance under Letter No. F. No. 11-01/2014-IA-III dated 5th March, 2019 - Environmental and CRZ Clearance from the Ministry of Environment, Forest and Climate Change, Government of India, for development of LNG storage and re-gasification terminal at village Chhara, Taluka Kodinar, District Gir Somnath, Gujarat	
1)	S. No. (v) - Shoreline should not be disturbed due to any activity. Periodical study on shoreline changes shall be conducted and mitigation carried out, if necessary. The details shall be submitted along with the six-monthly monitoring report.	Shoreline will not be disturbed due to any activity. Shoreline studies carried out by M/s Merizen (<i>report attached as Annexure-1</i>) Periodical monitoring of shore-line changes will be carried out and mitigation measures, if required, will be planned and implemented.
2)	S. No. (vii) - Based on the Comprehensive Marine EIA study done by National Institute of Oceanography (NIO) as submitted with EIA/EMP report, a detailed marine biodiversity management plan shall be prepared on marine, brackish water and freshwater ecology and	Complied. Comprehensive Marine EIA was carried out by CSIR-National Institute of Oceanography (Council of Scientific and Industrial Research), the report is based on study of the impact of the project activities on the intertidal biotopes, corals and coral communities, molluscs, sea grasses, sea weeds, subtidal habitats, fishes, other marine and aquatic micro, macro and mega flora and fauna including benthos,

	biodiversity and implemented. The report shall be based on a study of the impact of the project activities on the intertidal biotopes, corals and coral communities, molluscs, sea grasses, sea weeds, subtidal habitats, fishes, other marine and aquatic micro, macro and mega flora and fauna including benthos, plankton, turtles, birds etc. as also the productivity. The data collection and impact assessment shall be as per standards survey methods. It will also address to the whales and turtles and the impact of oil spills on the complete spectrum of marine biology.	plankton, turtles, birds etc. as also the productivity. The data collection and impact assessment are as per standards survey methods. Whales and turtles and the impact of oil spills on the complete spectrum of marine biology is also covered.
3)	S. No. (viii) - Marine ecology shall be monitored regularly also in terms of sea weeds, sea grasses, mudflats, sand dunes, fisheries, echinoderms, shrimps, turtles, corals, coastal vegetation, mangroves and other marine biodiversity components as part of the management plan. Marine ecology shall be monitored regularly also in terms of all micro, macro and mega floral and faunal components of marine biodiversity.	Noted and the same will be complied. Marine ecology monitoring will be initiated during operation phase.
4)	S. No. (xi) - The project proponents will draw up and implement an action plan to	Will be complied in Operation Phase.

INFRA

S. No.	Action Point	SPPL Comment
	watch the interest of the fishing communities, apprehensive of adverse impacts, particularly fisherman communities in the villages of Dhamleg, Muldwaraka, Chhara, Madhwad, Kotrada and Velna.	During operation phase, SPPL will adhere to guidelines of MoEF&CC OM dated 1 st May 2018, will carry out CSR activities as per in compliance with Section 135 of the Companies Act 2013 to help the fishing community of the area.
5)	S. No. (xii) - Ship movements shall be so regulated that the mangroves of the Madhwad creek, reported to be 7 Kms away from the project site are not adversely affected.	Will be complied. Ship movement during the operation phase of the project will be carried out only in the approved channel which will not impact mangroves of Madhwad creek at 7 km away from the project site.
6)	S. No. (xvi) - The commitments made during the Public Hearing and recorded in the Minutes shall be complied with letter and spirit. A hard copy of the action taken shall be submitted to the Ministry.	Noted and same is Complied. Extract of the table on commitments made during Public Hearing and actions taken was submitted vide EC Compliance report of SPPL for the period April 2019 – September 2019.
II	Compliance under Letter No. ENV-10-2016-50-E (T Cell) dated 2nd February 2017 – CRZ Clearance from Forest & Environment department, Govt. of Gujarat, for development of LNG storage and re-gasification terminal at village Chhara, Taluka Kodinar, District Gir Somnath, Gujarat	
7)	S. No. 1 - The provisions of the CRZ Notification of 2011 shall be strictly adhered to by M/s SPL. No activity in contradiction to the provisions of the CRZ Notification shall be carried out by M/s HPCLSEPL	Noted and same is complying. SPPL ensures that CRZ Notification is strictly adhered to.
8)	S. No. 2 - The HPCLSEPL shall ensure that adequate numbers underpasses are provided in road construction to minimize the wildlife conflict and also	Noted and same will be designed in consultation with the Forest Department. This has been considered in the traffic management plan. Basis of the traffic management plan for external connectivity, SPPL has identified

S. No.	Action Point	SPPL Comment
	traffic management plan shall be implemented as per report, in consultation with PCCF(WL) and allocate adequate fund for the same.	suitable location for the development of animal underpass and is in the process of construction of the same.
9)	S. No. 3 - The HPCLSEPL shall ensure that the over bridge is provided with adequate height with ground level. Wherever, it is not possible to provide underpasses to minimize the Wildlife conflict, in consultation with PCCF(WL) and allocate adequate fund for the same	Noted and same will be complied. This has been considered in the traffic management plan. A report was submitted by the consultant for Traffic Management Plan for External Connectivity to the Port in August 2019. SPPL has finalized the location for animal underpass in consultation with local authorities and the same is in the process of construction.
10)	S. No. 4 - A Marine Conservation center way be developed at Chhara with objective of educating the people and creating awareness amongst the people for Wildlife conservation	Noted and same will be complied. Marine Conservation center will be developed during operation phase.
11)	S. No. 5 - The HPCLSEPL shall earmark appropriate fund for the cause of conservation of lion and conflict management, with "Lion Conservation Society" on annual basis.	SPPL will earmark appropriate funds fund for the cause of conservation and conflict management with "Lion Conservation Society" on annual basis at the time of port operation phase.
12)	S. No. 6 - 100 m green belt shall be developed by the HPCLSEPL outside the hard boundary. i.e., after the footprint of layout of the plant, in consultation with Forests Department and maintenance will be done by HPCLSEPL.	Noted and will be complied in Operation Phase. SPPL had meeting with Head Forest Department and has submitted formal request for planning and undertaking work of green belt development. Copy of letter was submitted vide EC compliance Report for the period April 2019 – September 2019. Due to descopeing of the Project, SPPL is in the process of approaching the MOEF&CC for modification in greenbelt requirements.

S. No.	Action Point	SPPL Comment															
13)	S. No. 10 - Dredging disposal site may be examined to ensure that it does not adversely affect the region west to the proposed port, which is known for whale shark presence and it shall be based on the modeling study done by an agency of National repute	<p>Noted and the same will be complied.</p> <p>Dredging disposal location was decided as per the scientific study done by HR Wallingford Ltd and coordinates are as follows;</p> <p>Location for dredging was decided based on studies by HR Wallingford Ltd. Dredging material shall be disposed off at designated location as approved by EAC. Locations decided for dredged material disposal are –</p> <table border="1"> <thead> <tr> <th>Limit</th><th>Site 1</th><th>Site 2</th></tr> </thead> <tbody> <tr> <td>Western Limit</td><td>70°40'15" E</td><td>70°39'00" E</td></tr> <tr> <td>Eastern Limit</td><td>70°41'15" E</td><td>70°40'00" E</td></tr> <tr> <td>Northern Limit</td><td>20°41'30" N</td><td>20°40'00" N</td></tr> <tr> <td>Southern Limit</td><td>20°40'30" N</td><td>20°39'00" N</td></tr> </tbody> </table> <p>Due care will be taken during the disposal to prevent any negative impact on the marine life, especially to the whale shark.</p>	Limit	Site 1	Site 2	Western Limit	70°40'15" E	70°39'00" E	Eastern Limit	70°41'15" E	70°40'00" E	Northern Limit	20°41'30" N	20°40'00" N	Southern Limit	20°40'30" N	20°39'00" N

Northern Limit	20°41'30" N	20°40'00" N															
Southern Limit	20°40'30" N	20°39'00" N															
14)	S. No. 16 – M/s SPL shall prepare and regularly update their Local Oil Spill Contingency and Disaster Management Plan in consonance with the National Oil Spill and Disaster Contingency Plan and shall submit the same to this Department after having it vetted through the Indian Coast Guard	<p>Noted and same will be complied.</p> <p>SPPL has prepared Oil Spill Contingency Management Plan in line with the requirements of NOS-DCP and same is approved by Indian Coast Guard. Port will be fully MARPOL compliant. All MARPOL regulations will be strictly enforced. Environmental safety will be top priority of the port operations.</p>															
15)	S. No. 19 - Massive greenbelt development program including the mangrove plantation in 50 ha. shall be carried out in consultation with the Gujarat Ecology Commission/ Forest Department by M /s HPCLSEPL.	<p>Noted & will be complied in Operation Phase.</p> <p>a) SPPL had meeting with Head Forest Department and has submitted formal request for planning and undertaking work of green belt development. Copy of letter was submitted vide EC compliance Report for the period April 2019 – September 2019. Forest dept. has written a letter to SPPL to submit detail of greenbelt area allotted with demarcation on the map. SPPL has</p>															

S. No.	Action Point	SPPL Comment
		<p>submitted their response to DCF, Junagarh with all the details. DCF, Forest department, Junagarh has reverted with letter in which he has suggested the native species to be used for greenbelt development. Accordingly green belt development work is being undertaken by SPPL.</p> <p>b) Work of mangrove plantation and participate in the Bio-Shielding projects taken-up by Environment GoG will be carried out through GEC/Forest Department during operation phase of the project</p> <p>c) Due to descopeing of the Project, SPPL is in the process of approaching the MOEF&CC for modification in greenbelt requirements.</p>
16)	S. No. 21 - A separate budget shall be earmarked for environmental management and socio-economic activities including the greenbelt/mangrove plantation and details thereof shall be furnished to this Department as well as the MoEF& CC, GOI. The details with respect to the expenditure from this budget head shall also be furnished alongwith the compliance report.	<p>Will be complied in Operation Phase.</p> <p>SPPL has initiated dialogue with Forest Department and requested for their support for Greenbelt development.</p> <p>SPPL has undertaken CSR activities & supporting as per the need assessment. The Sustainable Development Goal is to build a fully inclusive society for people with disabilities by 2030. Presently the area has a large number of Children with Special Needs (CWSN) and we want to your support as a CSR Donation to special school and rehabilitation centre.</p>
III	Compliances under Letter No. WLP/32/A/1501-1504 /,2016-17 dated 2nd December 2016 - Application for CRZ clearance for proposed extension of breakwater for development of greenfield port at Village Chhara, Taluka: Kodinar, District Gir-Somnath.	
17)	S. No. 1 - The phase I of project envisaged 5 MTPA (million tonne per annum) of coal which is likely to generate vehicle 400 truck. While phase II envisages that	LNG will be evacuated majority through pipeline and hence incremental vehicle movement due to LNG will be minimal.

S. No.	Action Point	SPPL Comment
	the LNG terminal will be having capacity of 5MMTP A expandable upto 10 MMTP A and this will generate significant traffic of more than 1000 trucks per day during operation.	
18)	S. No. 2 - The road route proposed for phase II has been slightly modified from that in phase-I. The Sarkadi village will now come to the west of the road. The old and new alignment is as shown in annexure I of report. The new alignment must be studied and adequate number of underpasses needs to be provided as suggested in EIA Report as well as Lion Conservation Plan.	Noted and same will be complied. Once alignment is finalized, underpass will be provided on approach road in consultation with Gujarat Forest and Wildlife Department. A report was submitted by the consultant for Traffic Management Plan for External Connectivity to the Port in August 2019. Report is under discussion with Gujarat Forest Department.
19)	S. No. 3 - During construction phase the movement of material would be through ship & road. The site manager informed that some material of proposed extension (including old one as it is not yet constructed) is to be brought from local quarries. Therefore, the road construction with underpasses is must beforehand so that wildlife conflict is minimal. The traffic management plan as proposed in report is necessary.	Underpass will be provided on approach road in consultation with Gujarat Forest and Wildlife Department. A report was submitted by the consultant for Traffic Management Plan for External Connectivity to the Port in August 2019.
20)	S. No. 4 - The Pipavav Port the lion death due to accident was mainly due to blockage in natural lines. The same	Noted and same will be complied. Underpass will be provided on approach road in consultation with Gujarat Forest and Wildlife Department.

S. No.	Action Point	SPPL Comment
	should not happen here so elevated section and green belt must be implemented as per recommendations. However, the road construction is being done by R&B department of Government of Gujarat who may not be aware of the conditions. There are no underpasses in section from NH8E to Bawana Pipaliva . SPPL may be asked to ensure that the underpasses are constructed.	A report was submitted by the consultant for Traffic Management Plan for External Connectivity to the Port in August 2019. Location of underpasses is finalize.
21)	S. No. 5 - During construction phase the movement of material would be through ship & road. Even though the report & letter gives priority to ship load of material the site manager informed that some material of proposed extension (including old one as it is not yet constructed) is to be brought from local quarries. Therefore, the road work with underpasses are necessary so that wildlife conflict is minimal. The traffic management plan as proposed in report is necessary.	Noted and same will be complied. Underpass will be provided on approach road in consultation with Gujarat Forest and Wildlife Department. A report was submitted by the consultant for Traffic Management Plan for External Connectivity to the Port in August 2019. Location of underpasses is finalize.
22)	S. No. 6 - During operational phase the transport LNG and coal is through rails, trucks and LNG pipelines. If the new LPG terminal is proposed, then before it gets connected to pipeline may be re-gasified in cylinders and then transported. It may be	This condition will be complied during the operation phase.

S. No.	Action Point	SPPL Comment
	suggested that the bottling plant should be near the Town to minimize additional truck traffic. It may be recommended that the bottling plant may be outside this area and may be connected through pipeline. The idea of connecting the supply with GSPL grid may be preferred over truck transportation.	
23)	S. No. 7 - During operational phase the EIA report suggests that there will be uncontrolled commercial growth that may impact agriculture activities. The report suggests that planning authorities of the region have to come with development strategy to regulate the land use change in the vicinity of LNG terminal. (EIA Report, section 4.4.3 in Page 4.24). As land use change will also affect lion and its conflict, this may be added in the recommendation.	This recommendation was addressed to Additional Chief Secretary, Forest and Environment Department, Gov. of Gujarat. No action is required by SPPL
24)	S. No. 9 - The underpasses of adequate number may be provided for proposed rail connectivity (Draft EIA Report fig 2.4 page 2.19) based on study of experts to avoid incidence similar to Pipavav Port.	Not applicable to period under review. SPPL is not envisaging rail connectivity during Phase I. Feasibility of rail connectivity is being assessed by concerned Government departments.
25)	S. No. 10- The 100 m green belt may be clarified to be outside hard boundary, but within land acquired by SPPL. The plantation may be	Will be complied in Operation Phase. SPPL had meeting with Head Forest Department and has submitted formal request for planning and undertaking work of green belt

S. No.	Action Point	SPPL Comment
	done by Forest Department and the maintenance will be done by SPPL as suggested in recommendation.	development. Copy of letter was submitted vide EC compliance Report for the period April 2019 – September 2019. Forest dept. has written a letter to SPPL to submit detail of greenbelt area allotted with demarcation on the map. SPPL has submitted their response to DCF, Junagarh with all the details. DCF, Forest department, Junagarh has reverted with letter in which he has suggested the native species to be used for greenbelt development. Due to descoping of the Project, SPPL is in the process of approaching the MOEF&CC for modification in greenbelt requirements.
26)	S. No. 11 - It may be added to recommendations that SPPL should earmark appropriate fund for the cause of conservation of lion and conflict management with "Lion Conservation Society" on annual basis.	Will be complied in Operation Phase. SPPL will earmark appropriate funds as per approved Lion Conservation Plan.
27)	S. No. 12 - A Marine Conservation center may be developed at Chhara with objective of education and awareness on conservation.	Will be complied in Operation Phase. SPPL will plan the same during operation phase.
28)	S. No. 13 - The SPPL may earmark annual fund to carry out activities mentioned in report.	SPPL will comply

NOTE: TWA Permissible Limit as per Factory Act is 85.0 dB(A) in Day Time & 80.0 dB(A) in Night Time. Limits prescribed by GPCB/CPCB are as follows:

Area Code	Category of Area Zone	GPCB/CPCB Limit, dB(A)	
		Day Time (06:00 AM To 10:00PM)	Night Time (10:00PM To 06:00 AM)
A	Industrial	75	70
B	Commercial	65	55
C	Residential	55	45
D	Silent Zones	50	40

Silence zone is an area comprising not less than 100 meters around hospitals, educational institutions, courts, religious places or any other area which is declared as such by the competent authority.

ANNEXURE 4.0.: COPY OF CONSENT TO ESTABLISH (CTE)

GUJARAT POLLUTION CONTROL BOARD

PARYAVARAN BHAVAN
Sector-10-A, Gandhinagar-382 021.
Website : www.gpcb.gov.in

BY RPAD

"Consent to Establish"(CTE)

CTE NO.: 78045

No. GPCB/JNG-C -120/ID- 50585/ 352346

13/04/16

To,

M/S. HPCL SHAPOORJI ENERGY PRIVATE LIMITED (HSEPL),
SURVEY NO: 449, 532, 450- 455, 844 -869, 872/P1
VILL: CHHARA - 362720,
TAL: KODINAR,
DIST: GIR SOMNATH.

Sub: Consent to Establish under Section 25 of Water Act 1974 and Section 21 of Air Act 1981 and Haz. Waste Rules, 2008.

Ref: Your CTE fresh application Inward ID No. 104450 dated 08/03/2016.

Sir,

Without prejudice to the powers of this Board under the Water (Prevention & Control of Pollution) Act-1974, the Air Act-1981 and the Environment (Protection) Act-1986 and without reducing your responsibilities under the said Acts in any way, this is to inform you that this Board grants **Consent to Establish** for setting up of your industrial plant at **SURVEY NO: 449, 532, 450- 455, 844 -869, 872/P1, VILL: CHHARA - 362720, TAL: KODINAR, DIST: GIR SOMNATH** for the manufacturing of the following items: **The Validity period of the order will be Seven years i.e. up to 07/03/2023.**

Sr.No.	Product	Quantity
1	Storage and Re-gasification of LNG	5 Million Metric Tonne/Annum

CONDITIONS UNDER WATER ACT 1974:

1. The water consumption and waste water generation shall be as under

	Water Consumption	Waste water generation
Industrial	541 KL/Day	Nil
Domestic	10 KL/Day	8 KL/Day

2. The sewage effluent shall be treated in STP. The Sewage treatment plant consisting of the following units:

- Screen chamber
- Oil & Grease tank
- Equalization tank no.1
- MBBR tanks -2 Nos.
- Secondary settling tank -1 no.
- Filter press
- Sludge collection sump
- NaOCl Dosing tank
- Intermediate collection tank -1 no.
- Dual media filter -1 no.
- Final collection tank -1 no.

3. There shall be no generation of industrial effluent from the manufacturing Process and other ancillary industrial operations
4. Treated sewage water shall be used for gardening within premises.

Page 1 of 3

Clean Gujarat Green Gujarat
ISO - 9001 - 2008 & ISO - 14001 - 2004 Certified Organisation

CONDITIONS UNDER THE AIR ACT:

5. The following shall be used as fuel.

Sr No.	Fuel	Quantity
1.	Natural Gas	60 T/Hrs
2.	Diesel	290 Lit/Hrs

6. The applicant shall install & operate air pollution control system in order to achieve norms prescribed below

7. The flue gas emission through stack shall conform to the following standards:

Stack No.	Stack attached to	Stack height in Meter	Air Pollution Control system	Parameter	Permissible Limit
1.	Flare stack	30	N.A	Particulate Matter	150 mg/NM3
2.	Gas engine generator -2	30	N.A	SO2	100 ppm
3.	Gas engine generator -1	30	N.A	NOx	50 ppm
4.	Gas engine generator -3	30	N.A		
5.	Submerged combustion vaporiser	12	N.A		
6.	D.G Sets 1 MW	30	Acoustic enclosure		

8. There shall be no process gas emission.

9. Stack monitoring facilities like port hole, platform/ladder etc., shall be provided with stacks/vents chimney in order to facilitate sampling of gases being emitted into the atmosphere.

10. Ambient air quality within the premises of the industry shall conform to the following standards:-

PARAMETERS	PERMISSIBLE LIMIT Annual	PERMISSIBLE LIMIT 24 hrs. Average
Particulate Matter ₁₀	60 Microgram/NM ³	100 Microgram/M ³
Particulate Matter _{2.5}	40 Microgram/NM ³	60 Microgram/M ³
SO ₂	50 Microgram/NM ³	80 Microgram/M ³
NO _x	40 Microgram/NM ³	80 Microgram/M ³

11. All measures for the control of environmental pollution shall be provided before commencing production.

CONDITIONS UNDER HAZARDOUS WASTE:

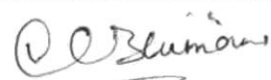

12. Applicant shall have to comply with provisions of Hazardous Waste (Management & Handling & Trans boundary Movement) Rules-2008 as amended from time to time.

- 12.1 The applicant shall obtain membership of common TSDF site for disposal of Haz. Waste as categorized in Hazardous Waste (Management & Handling & Trans boundary Movement) Rules-2008 as amended from time.

- 12.2 The applicant shall provide temporary storage facilities for each type of Haz. Waste as per Hazardous Waste (Management & Handling & Trans boundary Movement) Rules-2008 as amended from time to time

GENERAL CONDITION :

13. Adequate plantation shall be carried out all along the periphery of the industrial premises in such a way that the density of plantation is at least 1000 trees per acre of land and a green belt of 5 meters width is developed.

**GUJARAT POLLUTION CONTROL BOARD****PARYAVARAN BHAVAN**

Sector-10-A, Gandhinagar-382 021.

Website : www.gpcb.gov.in

14. The applicant shall have to submit the returns in prescribed form regarding water consumption and shall have to make payment of water cess to the Board under the Water Cess Act- 1977.
15. In case of change of ownership/management the name and address of the new owner's /partners/ directors/ proprietor should immediately be intimated to the Board.
16. The applicant shall however, not without the prior consent of the Board bring into use any new or altered outlet for the discharge of effluent or gaseous emission or sewage waste from the proposed industrial plant. The applicant is required to make applications to this Board for this purpose in the prescribed forms under the provisions of the Water Act-1974, the Air Act-1981 and the Environment (Protection) Act-1986.
17. The applicant also comply with the General conditions as per Annexure - I attached herewith (No.1 to 38) (whichever applicable).
18. The concentration of Noise in ambient air within the premises of industrial unit shall not exceed following levels:
Between 6 A.M. and 10 P.M.: 75 dB (A)
Between 10 P.M. and 6 A.M.: 70 dB (A)
19. Applicant is required to comply with the manufacturing, Storage and Import of Hazardous Chemicals Rules-1989 framed under the Environment (Protection) Act-1986.
20. If it is established by any competent authority that the damage is caused due to their industrial activities to any person or his property in that case they are obliged to pay the compensation as determined by the competent authority.

For and on behalf of
GUJARAT POLLUTION CONTROL BOARD

(CHIRAG BHIMANI)
UNIT HEAD

COPY TO: Regional Officer, G. P. C. Board, Junagadh- For compliance monitoring and submission of monitoring report for compliance of the conditions

ANNEXURE 4.2. CONSOLIDATED CONSENT AND AUTHORIZATION (CCA) RECEIVED FROM GUJARAT POLLUTION CONTROL BOARD (GPCB)

GUJARAT POLLUTION CONTROL BOARD

PARYAVARAN BHAVAN, SECTOR 10-A,
GANDHINAGAR - 382010,
(T) 079-23232152

BY R.P.A.D

CONSOLIDATED CONSENT AND AUTHORIZATION (CC & A) CCANO:AWH-133521ApplicationType:CCA-Fresh

In exercise of the power conferred under section-25 of the Water (Prevention and Control of Pollution) Act-1974, under section-21 of the Air (Prevention and Control of Pollution)-1981 and Authorization under rule 6(2) of the Hazardous and other Wastes (Management and Trans boundary movement) Rules, 2016 framed under the Environmental (Protection) Act-1986.

And whereas the Board has received consolidated consent Application inward No. 286718, dated:29/09/2023 for the Consolidated Consent and Authorization (CC & A) of his Board under the provisions/rules of the aforesaid Acts. Consents & Authorization are hereby granted as under:

CONSENTS AND AUTHORISATION:

(Under the provisions /rules of the aforesaid environmental acts)

To,
M/s. HPCL LNG Limited.
(Old Name: HPCL Shapoorji Energy Pvt. Ltd (HSEPL))
Survey No. 449,532, 450-455, 844-869, 872/P1,
Village: Chhara-362720-362001
Tal. -Kodinar,Dist: Gir Somnath.

1. Consent Order No. : AWH- 133521 date of Issue: 05/04/2024.

- 1.1 The consent under Water Act-1974, Air Act-1981 & Authorization under Environment (Protection) Act, 1986 shall be valid up to 28/09/2024 to operate industrial plant for manufacturing of the following products:

SR. NO.	PRODUCT	CAPACITY
1	Storage and Re-gasification of LNG	5 Million Metric Tonne/Annum

2. SPECIFIC CONDITION:-

- 2.1 Unit shall comply the direction/orders issued by Hon'ble NGT in the matter of O.A No.-62/2019 and Hon'ble NGT in the Appeal No.-30/2019, 31/2019, 49/2019, 50/2019.
- 2.2 Unit shall comply with all the condition of EC (issued Environment Clearance vide letter no.-F.No.11-01/2014-IA-III, dated:-05/03/2019 & 30/05/2022).
- 2.3 Unit shall no claims of any equity will be made basis on CC&A.
- 2.4 Unit shall strictly adhere submitted notarized undertaking dated: 01/04/2024.

3. CONDITIONS UNDER WATER ACT 1974:

- 3.1 The water consumption and wastewater generation shall be as under: -

	Water Consumption (KLPD)	Waste water Generation (KLPD)
Industrial	541 KL/D	NIL
Domestic	10 KL/D	8 KL/D

- 3.2 The sewage effluent shall be treated in STP. The sewage treatment plant consisting of the following units:-

- Settling chamber
- Bar screen and De-gritting chamber
- Collection Tank
- Aeration Tank
- Anoxic Tank
- Tube Settler
- Clear water Tank
- Activated Carbon Filter-1 No.
- Treated Water Tank-1 & 2
- Sludge Holding Tank
- Sludge Bag Filter
- Poly and Hypo dosing Tank.
- PLC/MCC/Control room for STP operation.

- 3.3 Sewage shall be treated into the above mentioned STP units to conform to the following discharge standards (As per Hon'ble NGT order O.A. No.-1069/2018 and CPCB directions): -

Sr.No.	Parameters	Maximum Permissible Limit
1.	PH	5.5 to 9.0
2.	BOD (mg/l)	10 mg/l
3.	Total Suspended Solids (mg/l)	20 mg/l
4.	Chemical Oxygen Demand	50 mg/l
5.	Total Nitrogen	05 mg/l
6.	Total Phosphorus	01 mg/l
7.	Fecal Coliform (Most probable no. 100 ml, MPN/100 ml)	Desirable -100 Permissible- 230

- 3.4 There shall be no generation of industrial effluent from the manufacturing Process and other ancillary industrial operations.
- 3.5 Treated sewage water shall be used for Gardening and Plantation within premises.

4. **CONDITIONS UNDER AIR ACT 1981:**

- 4.1 The following shall be used as fuel.

Sr.No.	Fuel	Quantity
1	Natural Gas	60 T/Hr.
2	Diesel	290 Lit./Hr.

- 4.2 The flue gas emission through stack shall conform to the following standards:

Stack No.	Stack attached to	Stack height in Meter	APCM	Parameter	Permissible Limit
1.	Flare Stack	70	---	PM SO ₂ NO _x	150 mg/NM ³ 100 ppm 50 ppm
2.	Gas Engine Generator-01	30	---		
3.	Gas Engine Generator-02	30	---		
4.	Gas Engine Generator-03	30	---		
5.	Submerged Combustion Vaporizer	12	---		
6.	D.G. Set (2.2 MW)	30	Acoustic Enclosure		

- 4.3 There shall be no process emission from the manufacturing process as well as any other ancillary process.
- 4.4 The concentration of the following parameters in the ambient air within the premises of the industry shall not exceed the limits specified hereunder.

GUJARAT POLLUTION CONTROL BOARD

PARYAVARAN BHAVAN, SECTOR 10-A,

GANDHINAGAR - 382010,

(T) 079-23232152

PARAMETERS	PERMISSIBLE LIMIT	
	Annual	24 Hrs. Average
Particulate Matter-10 (PM 10)	60 Microgram/Nm ³	100 Microgram/Nm ³
Particulate Matter- 2.5 (PM 2.5)	40 Microgram/Nm ³	60 Microgram/Nm ³
SO ₂	50 Microgram/Nm ³	80 Microgram/Nm ³
NO _x	40 Microgram/Nm ³	80 Microgram/Nm ³

4.5 D.G Set standards: - The flue gas emission through stack attached to D.G Set shall conform to the following standards:

- The minimum height of stack provided with each of the generator set shall be $H = h + 0.2 (KVA)^{1/2}$, where H=Total stack height in meter, h= height of the building in meter where or by the side of which the generator set is installed.
- Noise from D.G. Set shall be controlled by providing an acoustic enclosure or by treating the room acoustically, at the users end.
- The acoustic enclosure or acoustic treatment of the room shall be designed for minimum 25 dB (A) insertion loss or for meeting the ambient noise standards, whichever is on the higher side (if the actual ambient noise is on the higher side, it may not be possible to check the performance of the acoustic enclosure/ acoustic treatment. Under such circumstances the performance may be checked for noise reduction up to actual ambient noise level, preferably, in the night time). The measurement for insertion loss may be done at different points at 0.5 m from the acoustic enclosure/room, and the averaged.
- The D.G. Set shall be provided with proper exhaust muffler with insertion loss of minimum 25 dB (A).
- All efforts shall be made to bring down the noise level due to the D.G. Set, outside the premises within the ambient noise requirements by proper siting and control measure.
- Installation of D.G. Set must be strictly in compliance with the recommendations of the D.G. Set manufacturer.
- A proper routine and preventive maintenance procedure for D.G. Set should be set and followed in consultation with the D.G. Set manufacture which would help prevent noise level of the D.G. Set from deteriorating with use.

4.6 The consent to operate the industrial plant shall lapse at any time if the concentration in the ambient air is not within the tolerance limits specified in the condition no. 4.3 & 4.4.

4.7 The industry shall take adequate measures for control of noise levels from its own Sources within the premises so as to maintain ambient air quality standards in respect of Noise to less than 75dB (a) during daytime and 70 dB (A) during night time. Daytime is reckoned in between 6 a.m. and 10 p.m. and nighttime is reckoned between 10 p.m. and 6 a.m.

5. HAZARDOUS AND OTHER WASTES (MANAGEMENT AND TRANSBOUNDARY MOVEMENT) RULES, 2016 Form -2(See Rule 6(2))

5.1 M/s. HPCL LNG Limited is hereby granted an authorization to operate facility for following hazardous wastes on the premises situated at S No. 449,532, 450-455, 844-869, 872/P1, Village: Chhara-362720-362001, Tal. Kodinar, Dist: Gir somnath.

Sr. No.	Waste	Category	Quantity	mode of Disposal
1.	Used Spent oil	5.1	200 Lit/Year	Collection, storage, and disposal by selling to registered re-processors or reused as lubricant for oiling of plant machineries.

- 5.2 The authorization is granted to operate a facility for collection, storage, transportation, and ultimate disposal of Hazardous wastes as above.
- 5.3 The authorization shall be in force for a period up to Dated: 28/09/2024.
- 5.4 Applicant shall have to comply with provisions of Hazardous Waste (Management & Trans boundary Movement) Rules-2016 as amended from time to time.

6. TERMS AND CONDITIONS OF AUTHORISATION

- 6.1 The applicant shall comply with the provisions of the Environment (Protection) Act - 1986 and the rules made there under.
- 6.2 The authorization shall be produced for inspection at the request of an officer authorized by the Gujarat Pollution Control Board. The persons authorized shall not rent, lend, sell, and transfer of otherwise transport the hazardous wastes without obtaining prior permission of the Gujarat Pollution Control Board.
- 6.3 Any unauthorized change in personnel, equipment or working conditions as mentioned in the authorization order by the persons authorized shall constitute a breach of this authorization.
- 6.4 An application for the renewal of an authorization shall be made as laid down in rule 5 (6) (ii)
- 6.5 Industry shall submit annual report within 15 days and sub squinty by 30th June every year.

7. General Conditions:

- 7.1 Any change in personnel, equipment or working conditions as mentioned in the consents form/order should immediately be intimated to this Board.
- 7.2 The was generator shall be totally responsible for i.e. collection, storage, encapsulation, incineration treatment, transportation and ultimate disposal) of the wastes generated.
- 7.3 Records of waste generation, its management and annual return shall be submitted to Gujarat Pollution Control Board in Form – 4 by 31st January of every year.
- 7.4 In case of any accident, details of the same shall be submitted in Form - 5 to Gujarat Pollution Control Board.
- 7.5 As per "Public Liability Insurance Act - 91 "company shall get Insurance Policy, if applicable.
- 7.6 Empty drums and containers of toxic and hazards material shall be treated as per guideline published for "Management & Handling of discarded containers". Record of the same shall be maintained and forwarded to Gujarat Pollution Control Board regularly.
- 7.7 In no case any kind of hazardous waste shall be imported without prior approval of appropriate authority.
- 7.8 In case of transport of hazardous wastes to a facility for (i.e. treatment, storage and disposal) existing in a State other than the State where hazardous wastes are generated, the occupier shall obtain 'No Objection Certificate' from the State Pollution Control Board or Committee of the concerned State or Union-territory Administration where the facility exists.
- 7.9 Unit shall take all concrete measures to show tangible results in waste generation, reduction, avoidance, reuse and recycle. Action taken in this regards shall be submitted within three months and also along with Form-4.
- 7.10 Industry shall have to display the relevant information with regard to hazardous waste as indicated in the Courts Order in W.P. No.657 of 1995-dated 14th October-2003.
- 7.11 Industry shall have to display on-line data outside the main factory gate with regard to quantity and nature of hazardous chemicals being handled in the plant, including waste water and air emissions and solid hazardous wastes generated within factory premise.
- 7.12 Whenever due to accident or other unforeseen act or ever, such emissions occur or is apprehended to occur in excess of standards laid down such information shall be forthwith reported to Board,
- 7.13 Concerned Police Station, Office of Directorate of Health Service, Department of Explosives, Inspectorate of Factories and local body. In case of failure of pollution control equipment, the production process connected to it shall be stopped. Remedial actions/measures shall be implemented immediately to bring entire situation normal.
- 7.14 In order to enable the board to perform its functions of ascertaining the standards of effluent laid down by it for the discharge of the effluent under the condition no 2.3 of this order are complied with by the company while causing discharge of effluent, the applicant shall have to

ANNEXURE 5: COPY OF AUTHORIZATION LETTER FROM GUJARAT MARITIME BOARD (GMB) TO CONSTRUCT AND MAINTAIN LNG TERMINAL AT CHHARA PORT

No. GMB/N/PVT-1/1628/439/7447

Date: October 25, 2019

NOV 1

Capt. Nitin Bondre

CEO - Ports and Terminals

Simar Port Private Limited

SP Centre, 41/44, Minoo Desai Marg

Colaba, Mumbai - 400 005

Sub: Authorization by Gujarat Maritime Board Act, by the notifications under the provisions of section 35 (1), to HPCL Shapoorji Energy Private Limited ("HSEPL") to construct and maintain LNG Terminal at the Chhara port under Sub-Concession with Simar Port Private Limited.

Ref:

1. Your office letter no. SPPL/Chhara/38/2019 dated May 13, 2019
2. Your office letter no. SPPL/Chhara/54/2019 dated July 08, 2019
3. Your office letter no. HSEPL/GMB/2019/010 dated August 20, 2019
4. Your office letter no. HSEPL/GMB/2019/011 dated August 20, 2019

Sir,

GMB vide letter dated April 4, 2016 had granted in-principle approval for acceptance of M/s HPCL Shapoorji Energy Private Limited (HSEPL) as a sub-concessionaire for development of LNG Terminal at Chaara. Pursuant to in-principle approval by GMB, GMB vide letter dated October 18, 2017 has approved the Detailed Project Report (DPR) for the development of LNG Terminal at Chhara. Environment Clearance from MOEF, GOI for the LNG Terminal has been received vide its letter dated March 5, 2019 and consent to establish has been received from GPCB vide its letter dated April 13, 2019.

Vide the letter under reference no. 1 you had requested to grant approval to HPCL Shapoorji Energy Private Limited to construct and maintain LNG Storage and Re-gasification Terminal at the Chhara port and vide letter under reference no. 2, 3 and 4 you had submitted various details related to the project. Your request was put up before the Board of GMB in its 257th meeting held on October 4, 2019. The Board vide Resolution no. 3394 has resolved to accord construction permission to M/s. Simar Port Pvt. Ltd. for the development of LNG terminal at Chhara by M/s. HPCL Shapoorji Energy Private Limited under section 35(1) of GMB Act 1981 subject to following conditions:

- (a) The construction shall be strictly in accordance with the Approved DPR/amended DPR and any changes or deviation from the approved DPR shall be subject to prior approval of GMB.
- (b) The period for completion of construction of Contracted Assets of LNG terminal shall be as per the approved DPR. The scheduled construction period of the LNG terminal shall be 3 years from the date of conveying the construction permission by GMB, failing to which HSEPL shall have to pay liquidated damages as per provision of concession agreement.
- (c) HSEPL shall be liable to pay the waterfront royalty for LNG cargo to GMB equivalent to the rate of waterfront royalty payable by the existing LNG port terminals companies in Gujarat. The current waterfront royalty applicable to existing LNG Port Terminals is Rs. 179.16/- per ton of LNG with effect from 1st April, 2019. The waterfront royalty for LNG cargo shall be subject to an escalation on 1st April every three years by an amount equal to twenty percent (20%) of the previous waterfront royalty. The next escalation shall occur on the first of April of the Financial Year 2022.
- (d) HSEPL shall have to achieve the financial closure and submit the relevant documents to GMB before starting the construction activities.
- (e) SPPL/HSEPL shall submit to GMB copies of all detailed design and engineering drawings for approval.
- (f) SPPL/HSEPL shall have to provide monthly progress report of the construction activities.
- (g) SPPL/HSEPL shall have to obtain a completion certificate from GMB upon completion of the construction.
- (h) SPPL/HSEPL shall have to submit a separate proposal for landing and shipping place declaration.
- (i) SPPL/HSEPL shall have to obtain necessary approvals/permissions before commencement of cargo handling.
- (j) SPPL/HSEPL shall have to share the information regarding Bids of EPC contractor with GMB.
- (k) The construction shall be at the risk and cost of HSEPL.
- (l) SPPL/HSEPL shall have to obtain all necessary statutory clearances required before starting construction.
- (m) HSEPL shall provide an irrevocable and unconditional guarantee from a reputed bank for an amount of equivalent to 3 % of the value of the Contracted Assets + applicable taxes for LNG terminal project in accordance with the Approved DPR and the Construction Guarantee shall be from short listed banks by GOG in a form prescribed by GMB within 4 weeks from the date of issuance of Construction permission, failing which this construction permission shall stand cancelled.
- (n) SPPL/HSEPL shall have to adhere to all the conditions stated above, failing of which will be treated as the breach of terms and conditions of Concession Agreement and sub-concession agreement.
- (o) SPPL/HSEPL shall have to strictly follow relevant conditions of the Concession Agreement/Sub-concession agreement during the construction phase.

- (p) GMB/GOG may also impose any other terms and conditions as and when required which will be applicable to SPPL/HSEPL.
- (q) HSEPL has to pay all the applicable charges to the competent authority.
- (r) SPPL shall have to submit a letter accepting all the above terms and conditions within seven days of the issuance of the letter, failing to that, will automatically cancel the construction permission.

Thanking you.

Yours sincerely,

Agreement dated 22.07.2022 (Maharashtra)

Sub. : Development of Chhara LNG Terminal under Sub-Concession - Permission for fair weather operation.

Ref.:

- Sub-Concession Agreement dated 22.07.2022 executed by and between Simar Port Private Limited, HPLNG LNG Limited and Gujarat Maritime Board.
- Resolution No. 3690 passed by the Board of Gujarat Maritime Board in its 267th meeting held on 07.11.2023.
- GMB letter no. GMB/N/PVT-1/1628/Part-II/317/7346 dated 27.12.2023.
- HPCL LNG Limited letter no. HPLNG/GMB/2024/031 dated 12.06.2024.

Sir,

- This has reference to the HPCL LNG Limited ("HPLNG") letter dated 12.06.2024 requesting GMB to grant an extension of the provisional permission for LNG cargo operations during fair weather from the LNG berth at Chhara port until the breakwater construction is completed.
- Earlier, on the request of HPLNG, GMB vide letter under reference no. 3 granted provisional permission to HPLNG to commence LNG cargo operations during fair

www.gmbports.org

weather; only for period up to 14.05.2024, subject to compliance of conditions mentioned therein.

3. Considering the request of HPLNG vide letter under reference no. 4, and at the exclusive risk and cost of HPLNG, GMB, hereby grants provisional permission for LNG cargo operations during fair weather from the LNG berth at Chhara port for the period from September 15, 2024 to May 14, 2025 subject to the strict and meaningful compliance of the following conditions:
 - 3.1. The Provisional Permission is granted only till the completion of 1950 meters of breakwater by SPPL.
 - 3.2. If both of wind speed and wave height exceeds the cut-off limits i.e. 25 knots wind speed, 1.5 knots current and 1.0 meters swell, it is recommended that berthing operations may be aborted; however, at the discretion of the pilot, operations can be aborted even before arriving at cut-off limit or in any other developing scenario which may not be safe as per the professional judgment of the Master and/or Pilot and/or HPLNG, it being categorically understood that HPLNG shall be exclusively responsible for the safety of all operations at the LNG terminal to the exclusion of GMB.
 - 3.3. Standard Operating Procedure (SOP) for Berthing / Unberthing operation with partial break water shall be developed by HPLNG, wherein the observations contained in the present communication shall be incorporated in addition to those required to as norms / rules / regulations, general seamanship and industry practices. Furthermore, any additional directions that may be issued by GMB from time to time shall also be duly incorporated by HPLNG in its SOP.
 - 3.4. All operations shall be undertaken only in fair-weather and fair season, i.e. settled seas and swell within the parameters as mentioned in this communication.
 - 3.5. At least first five (5) vessel maneuvering operations shall be undertaken only during day time.
 - 3.6. Vessel operation at night may only be done after successful vessel operations during day time (as per paragraph no. 3.5, above), and subject to all Navigational Aids being in place and fully operational as also simulation practice done by pilots for operation at night.
 - 3.7. The Pilots shall undergo training at bridge simulator and results of the training shall be submitted to the Chief Nautical Officer (CNO), GMB for issuance of pilot No-Objection Certificate (NOC) / license.

- 3.8. The Tug master and crew shall be fully familiarized and trained for operation for better coordination during operation as per quality manual / SOP.
- 3.9. International Ship and Port Facility Security (ISPS) and National Safety at Ports Committee (NSPC) compliance shall be adhered by HPLNG.
- 3.10. Port / Harbour Nautical Chart shall be approved / published by NHO for which procedure shall be initiated by SPPL.
- 3.11. Pilot Book / Marine Handbook / Port Entry / Guide shall have details of the port for which necessary procedure shall be initiated by SPPL.
- 3.12. SOP for cargo operations at the LNG terminal should include cut off limits of wind / swell for stopping cargo operations, disconnecting hose and casting off the vessel as per Mooring Analysis Report dated 17.11.2020 submitted by Royal Haskoning DHV.
- 3.13. SOP for marine operations and terminal operations have to be vetted / approved by IACS / competent authority.
- 3.14. While approaching, the vessel speed in the channel shall be less than 5 knots.
- 3.15. While approaching berth, when distance is under 100 meter, lateral speed shall be kept under 0.2 knots.
- 3.16. Out of three 60 T or more as may be provided, one tug shall be equipped, manned, crew trained and marked to be used as ETV for dealing with any emergency towing.
- 3.17. SOP for all operations shall be put in place before commencement of any operations.
- 3.18. HPLNG / SPPL shall establish Port Control Station as per IALA guidelines.
- 3.19. Approved Oil Spill Contingencies Plan and equipment shall be in place.
- 3.20. Approved Disaster Management Plan shall be in place.
- 3.21. Immigration office facility in port premises shall be considered in consultation with jurisdictional Superintendent of Police (SP) and Port Officer, GMB.
- 3.22. Seaman Welfare Centre as per MLC shall be considered in consultation with MMD Kandla / DGS and Port Officer, GMB.

- 3.23. SPPL and HCPL shall secure all necessary statutory clearances, as applicable, from the concerned authorities prior to commencement of commissioning the operations.
- 3.24. All the operations and maintenance of the project assets shall be at the cost and risk of SPPL and HPLNG; and GMB shall not be liable / responsible for any damage to the jetty or the breakwater.
- 3.25. SPPL and HPLNG shall abide by all the Rules, Regulations, Notifications and directions of GMB under the provisions of the applicable laws, including but not limited to the Gujarat Maritime Board Act, 1981 and the Indian Ports Act, 1908 and any other act as may be applicable from time to time.
- 3.26. HPLNG shall comply with all such other and / or further directives as may be issued by GMB or other authorities from time to time.
4. This Provisional permission shall automatically stand expired with effect from 23:59 hrs on 14.05.2025.

This is issued with the concurrence of VC & CEO, GMB on concerned file.

Sub: Permission for construction of LNG import, storage, re-gassification terminal situated at Chhara Port, Dist. GIR Somnath (Gujarat) – Regarding.

Dear Sirs,

Please refer to your letter No. HSEPL/PESO/2017-18/008 dated 22.09.2017 and technical presentation on held in this office on 29.11.2016 & 13.07.2017

The drawing nos. 1001 Rev. 1, 0002 Rev. 2, 47406300/MN/GEN/T-01 REV. 0 showing proposed storage of LNG in 2 X 2,00,000 m3 water capacity atmospheric storage tanks Nos. T-101 & T-102, re-gassification terminal at Chhara Port, Dist. GIR Somnath (Gujarat) with tank design conditions, design calculations for inner tanks, bottom, roof structure, sizing of pressure relief valve, vacuum safety valve etc. submitted by you meets with the requirements of International Standards and codes meant for LNG storage tanks and other facilities in principle with the following conditions :-

1. To submit a copy of Environmental Clearance granted by Ministry of Environment & Forest, Govt. of India alongwith other documents required for grant of commissioning permission for the above said LNG atmospheric storage tanks in future.
2. To submit a copy of land lease agreement entered between M/s. Simar Port Pvt. Ltd., to M/s. HPCL Shapoorji Energy Pvt. Ltd.,

After completion of construction and installation of facilities, you are requested to submit a detailed inspection and test certificate, from a reputed organization in respect of above said tanks, equipments including, pumps, compressors, electrical fittings, fire fighting facilities provided, as well as control certificate from third party inspector for construction and installation of said LNG storage tanks as per the Design Codes for further necessary action.

<p>Sub: Commissioning permission for storage and handling of LNG in Full Containment Type with Pre-stressed Concrete Outer Tank Wall (PC Outer Wall) tanks of two numbers (T-101 & T-102) having water capacity 200000 M³ of each for LNG with allied facilities at Plot No. 866-867, Land S.N.532/P3/P2, 532/P6/P1, 532/P6/P3, 532/P6/P4, 532/P6/P2, 532/P8/P2, 532/P8/P3, 853/P3, 853/P2 at Chhara LNG Terminal, Village Chhara, Taluk Kodinar, Gir Somnath, State- Gujarat, Pin- 362720. – Regarding.</p>	
<p>Dear Sirs,</p> <p>Please refer to your letter no. HPLNG/PESO/2023-24/029 dated 21/01/2024 along with documents and Inspection report along with other documents received from O/o Jt.CCE, Vadodara, vide memo of even no. dated 17/01/2024. The above premise has been inspected by Jt. Chief Controller of Explosives, Vadodara on 07/01/2024, 08/01/2024 & 09/01/2024. Also submitted following documents, i) DM NOC with NOC drawing vide NOC No. MAG/C/LNG NOC/Reg.No.04/2022 dated 03/10/2022 issued by ADM, Gir-Somnath, Gujarat. ii) Compliance of inspection findings vide letter no. nil dated 17/01/2024 address to Jt.CCE, Vadodara. iii) OISD Pre-Commissioning Safety Audit compliance vide letter No. HPLNG-OISD-L-2023-2 dated 04/01/2024.</p> <p>It is noted that you have fully completed the installing all the facilities for receiving storage and re-gasification of LNG as well as facilities for loading LNG into tankers in your LNG terminal at Plot No. 866-867, Land S.N.532/P3/P2, 532/P6/P1, 532/P6/P3, 532/P6/P4, 532/P6/P2, 532/P8/P2, 532/P8/P3, 853/P3, 853/P2 at Chhara LNG Terminal, Village Chhara, Taluk Kodinar, Gir Somnath,</p>	
<p>Page 1 of 2</p>	

State- Gujarat, Pin- 362720 as per the drawing approved vide this office letter of even no. dated 22/12/2023.

It is also noted that the double wall, double integrity atmospheric Full Containment Type with Pre-stressed Concrete Outer Tank Wall (PC Outer Wall) LNG storage tanks No. T-101 & T-102 (2 x 200000 M3 WC each) have been constructed as per standard EN-14620-2006, which is duly approved by this office dated 22/12/2023, and tested & certified by Third Party Inspection Agency i.e. M/s. LRQA Inspection Services India LLP in compliance to applicable standards. It is also noted that the LNG will be stored 255 mbarg (Max) pressures at -168°C temperature, which covered under MSIHC Rules, 1989 framed under Environment (Protection) Act, 1986.

In view of above and recommendation of O/o Jt. Chief Controller of Explosives, Vadodara, there is no objection in commissioning the above said Tank Nos. T-101 & T-102 (2 x 200000 M3 WC each) for storage of LNG along with allied facilities.

Please note that above permission is granted under MSIHC Rules, 1989 with the following conditions and one set of as built drawings submitted by you is sent herewith duly endorsed.

1. The commissioning activities shall be supervised by the experienced technical persons of your company.
2. SOP shall be strictly adhered.
3. The provisions of MSIHC Rules, 1989 shall be strictly complied.
4. Due care and precautions to be taken while commissioning the LNG atmospheric storage tanks in your terminal.
5. All electrical equipments, valves, regulators, gas detectors and other fittings shall be thoroughly inspected for their function and records to be maintained.
6. All electrical equipments installed in the LNG hazardous area shall be approved by Chief Controller of Explosives and the same to be verified before taking in to operation.
7. Fire fighting facilities shall always be in line with the hydrants points, jumbo nozzles and fire fighting equipments to be placed each and every points specified as per the code and standards.

This commissioning permission shall not absolve you to obtain clearance/approval/ permission as applicable from other statutory authorities as per the statute.

This is issue with concurrence of The Chief Controller of Explosives.

Encl. a/a.

Yours faithfully,

Gir Somnath, Gujarat under Manufacture, Storage & Import of Hazardous Chemicals (MSIHC) Rules, 1989- regarding.

Dear Sirs,

Please refer to your letter no. Nil dated 07/09/2017 and discussions with your officials on the above subject.

Your above proposal of laying of subject pipelines meets with the approval of this office and copies of the drawing Nos. HSEPL-PESO-004-00-2017-DWG-001, HSEPL-PESO-003-00-2017-DWG-001, HSEPL-PESO-004-00-2017-DWG-002, 47406300/MN/GEN/T-01, A642-000-12-42-1201, A642-000-12-42-1301, A642-000-16-47-0002, A642-000-12-42-1101, 01-04-41-N-1111, 01-04-41-N-1112, 01-04-41-N-1113 & 01-04-41-N-1120 are returned herewith duly endorsed in token of approval with the following conditions:-

1. Application under Schedule VII and Safety Report under Schedule VIII of Manufacture, Storage & Import of Hazardous Chemicals (MSIHC) Rules, 1989 is furnished duly filled in and signed.
2. List of equipments shall be incorporated in the layout plan.
3. Pre-commission Safety Audit Report along with compliance of the recommendation shall be furnished.
4. Risk Analysis Report shall be furnished
5. Detailed S.O.Ps, Scheme of patrolling of ROU and systems of continuous monitoring of pipeline is submitted for perusal and record of this office.
6. As Built, P & I diagram including close out report of HAZOP study shall be furnished.
7. Necessary clearance from Ministry of Environment & Forest, State Pollution Control Board etc shall be furnished.
8. An exhaustive list of all electrical equipments/apparatus/instruments installed within Jetty premises, showing name of fittings, its make, model/Type, Test report, number and Chief Controller of Explosives approval reference with date etc. shall be forwarded for perusal and records.
9. Copy of PESO's approval for LNG Terminal shall be furnished.
10. Close Out report for compliance to OISD-156 shall be furnished.

Contd..2/-

-2-

After completion of the laying of entire stretch of pipeline and all associated facilities the same should be hydro tested according to the applicable code and detailed hydrotest report be submitted to this office together with four sets of "As built" drawings (without any ink/hand corrections) to enable this office to accord to commissioning permission of the pipeline as required under Manufacture, Storage & Import of Hazardous Chemicals (MSIHC) Rules, 1989.

Please also note that prior to commencing of laying of the pipeline the right of way shall have to be obtained by you. After installation, detailed drawing showing various segment of pipeline crossing, Surge Analysis Report, Risk Analysis Report, Clearance from Environment Ministry, ROW Notification etc. & Hydrotest Report shall be forwarded to this office alongwith as built drawing to enable it to accord permission to commission the pipeline.

Once above facilities are fully completed/installed, you may approach Dy. Chief Controller of Explosives, Vadodara for inspection of the subject facilities. Further necessary action towards commissioning permission will be considered after receipt of "As Built" drawings without any ink /hand correction or color coding along with compliance of the conditions stipulated above.

This approval/permission does not absolve you from obtaining necessary permission/clearances from other authorities or under other statutes as applicable.

All necessary safety precautions shall be taken to prevent accident.

Yours faithfully

विषय/Sub : MSIHC-1989 के अंतर्गत conditional commissioning permission of 1 no of Dia 12.0000 Inch X Length 1.7000000 km from LNG jetty head TO BOG compressor having Product Name Natural Gas pipeline from KhasraNo:- CHHARA LNG TERMINAL JETTY HEAD TO BOG compressor Taluka. Dist. GIR SOMNATH State Gujarat Pincode :- 362720 to KhasraNo:- LNG STORAGE TANK Taluka. Others Dist. GIR SOMNATH State Gujarat Pincode :- 362720, under MSIHC-1989 reg.

महोदय /Sir(s),

उपरोक्त विषय पर कृपया आपके पत्र क्रमांक OIN1577900 दिनांक 23/01/2024 का संदर्भ ग्रहण करें।/Please refer to your letter No. OIN1577900 dated 23/01/2024, on the above subject.

1. Every precaution shall be taken to safely operate the pipeline and immediate action is taken if any unsafe condition is noticed at any stage of operation and maintenance.

2. पाइपलाइन के प्रत्येक भाग के डिजाइन, निर्माण और परीक्षण के रिकॉर्ड, वेल्ड का स्थान, निर्माण की सामग्री, वाल्व, बेंड फ्लैंग्स आदि प्रत्येक वेल्ड और फिटिंग के पहचान चिह्न के साथ को रिकॉर्ड के लिए संरक्षित किया जाएगा।/The records of design, fabrication and testing of each section of pipeline, location of welds, material of construction, valves, bends flanges etc. (With identification marking for each weld and fitting) may please be preserved for records.

3. Leak detection system with provisions for identification/location of leak and isolation of affected section shall be establish before charging of Products.

4. Pipeline Integrity Management in future , systems of continuous health monitoring of pipeline and also about protection of Right of Way, Right of Use from encroachment, NOC from competent authority for laying of pipeline shall be taken before charging of products in pipeline .

5. Notification under Section 6(1) of PMP Act 1962 regarding acquiring ROW of permission /consent from authority/bodies whose land is being used for laying of the pipeline shall be taken before charging of Products.

6. All due precautions and keeping appropriate Fire Fighting facilities in readiness of use during emergency shall be ensured.

7. SCADA(Supervisory Control and Data Acquisitions) system shall be provided.

8. Accessories and kit for arresting leak shall be provided. Emergency Tools and Tackles shall be arranged ensuring use of non sparking tools.

9. Audit (HAZOP/QRA/Pre commissioning Safety audit) compliance shall be completely fulfilled before charging of products in pipeline.

10. Security Surveillance system for pipeline shall be provided.
11. Annual safety audit report from an independent agency as require under rule 10 of MSIHC-1989 shall be carried out and submitted every year to this office for record.
12. Lights fittings and other electrical equipments or apparatus suitable for such hazardous area which shall comply with the provisions of chapter IV under Petroleum Rules 2002.
13. All Safety interlocks and pipeline ESD provisions shall be checked for any untoward incident.
14. Trained manpower shall be deployed for pipeline operations.
15. This approval/permission does not absolve you from obtaining necessary permission/clearance from all authorities or under other statutes as applicable under various rules and acts.
16. The Periodic Schedule carried out on Intelligent pigging of the pipeline shall be submitted to this office for records along with a latest report of OISD audit carried out.
17. Locations must adhere to work permit system requirement as per OISD -STD-105(2023)
18. The Remarks mentioned in various audit reports shall be complied before commissioning of pipelines in the interest of safety.

चूंकि विषयक पाइपलाइन की स्थापना/बिछाने का काम पूर्ण हो चुका है और आपके द्वारा उक्त पाइपलाइनों के हाइड्रो टेस्ट की रिपोर्ट संतोषजनक होने की पुष्टि की गई है, उपरोक्त पाइपलाइन के प्रवर्तन हेतु MSIHC-1989 के प्रावधान के अनुसार, कोई आपत्ति नहीं है। पाइपलाइन को सुरक्षित रूप से संचालित करने के लिए हर सावधानी बरती जाएगी और संचालन और रखरखाव के किसी भी चरण में कोई असुरक्षित स्थिति पाए जाने पर तत्काल कार्रवाई की जाएगी।/Since installation/Laying of the subject pipeline have been completed and the report of hydro tests conducted of the said pipelines have been confirmed by you as being satisfactory, there is no objection to your conditional commissioning as per the conditions mentioned above, the above pipeline as per the provision of MSIHC-1989. Every precaution shall be taken to safely operate the pipeline and immediate action is taken if any unsafe condition is noticed at any stage of operation and maintenance.

पाइपलाइन के प्रत्येक भाग के डिजाइन, निर्माण और परीक्षण के रिकॉर्ड, वेल्ड का स्थान, निर्माण की सामग्री, वाल्व, बेंड फ्लैंग्स आदि (प्रत्येक वेल्ड और फिटिंग के पहचान चिह्न के साथ) को रिकॉर्ड के लिए संरक्षित किया जाएगा।/The records of design, fabrication and testing of each section of pipeline, location of welds, material of construction, valves, bends flanges etc. (With identification marking for each weld and fitting) may please be preserved for records.

कृपया ध्यान दें कि पाइप लाइन का संचालन प्रस्तुत एसओपी के अनुसार किया जाएगा और सुरक्षित उपयोग और संचालन सुनिश्चित करने के लिए नियमित गश्त की जाएगी। MSIHC-1989 के नियम 10 के तहत आवश्यकतानुसार एक स्वतंत्र एजेंसी से वार्षिक सुरक्षा लेखा परीक्षा रिपोर्ट तैयार की जाएगी और रिकॉर्ड के लिए प्रत्येक वर्ष इस कार्यालय को यह रिपोर्ट प्रस्तुत की जाएगी।/Please note that operation of the pipeline shall be done according to SOP's furnished and regular patrolling is undertaken to ensure safe use and operation. Annual safety audit report from an independent agency as require under rule 10 of MSIHC-1989 shall be carried out and submitted every year to this office for record.

भवदीय /Yours faithfully,

Hookah drag has more carbon monoxide than cigarettes: Study

'Usage Higher Among Boys Than Girls'

DurgamChaudhary
@timesgroup.com

New Delhi: A recently released study has found that hookah use is more prevalent among boys than girls. The study also found that hookah use is associated with higher levels of carbon monoxide exposure compared to cigarette smoking.

HOW HOOKAH AFFECTS HEART AND LUNGS
SHORT-TERM USE Increases heart rate by 6 to 15 beats per minute, systolic blood pressure by 3 to 10 mm/hg and diastolic blood pressure by 2 to 4 mm/hg. There is increase in coronary blood flow.
LONG-TERM USE 3-fold increased risk of heart attack on life time exposure exceeding 40 water-pipe years (2 water pipes per day for 20 years or 1 water pipe for 40 years).

nicotine and heavy metals like cadmium and lead that can injure the blood vessels and the brain. Though there are only a few long-term studies published in literature, the American Heart Association (AHA) has warned that hookah use contains significantly higher levels of heavy metals and more toxic hydrocarbons than cigarette smoke. It also has cardiovascular effects such as atherosclerosis.

Gurgaon rape accused held after 3 years

Can prisoners be allowed to vote, HC asks Centre and EC

Abhinav Datta
@timesgroup.com

New Delhi: Can prisoners be allowed to vote? Delhi High Court has sought the views of the Centre, Election Commission of India and prison authorities in the matter.

The Delhi HC is hearing a petition filed by 37 students against section 62(5) of the Representation of People Act, which deprives prisoners of their right to vote.

The petition says that all people in any kind of confinement either in jails or police stations or at any other place, should be allowed to vote and requisite facilities for the same should be made available.

The voting restriction imposed on the prisoners is contrary to the principle of equality. The petitioners are concerned about the denial of prisoners' voting rights in the upcoming general election in 2023.

Crooks fake e-commerce site, dupe user of ₹52k

Tues News Network

New Delhi: Be cautious while searching for customer care numbers of e-commerce websites on the internet as fraudsters have faked a website with fake sites and numbers to cheat people by making them reveal their account details.

MODUS OPERANDI
 • Fraudsters fake popular e-commerce websites where they post fake customer care numbers.
 • Whenever someone calls for any issue, they make the person share confidential bank details and transfer the money.

HOW TO PROTECT YOURSELF
 • Check website URL properly and security certificate.
 • Don't access sites after getting this sort of message.
 • If you are not sure about the website, do not share your money.

king to my daughter he managed to make her share the account details on the pretext of transferring the money. The fraudster then started receiving messages of withdrawal made from my account and before I could get the card blocked, he had already taken Rs 52,000," Gupta said.

The woman shared the details with her bank officials and asked them if it was safe to keep the amount in the account as she had to pay the EMIs of her house. She was assured that there was no harm would be done since the ATM card had been blocked.

"The hacker used UPi to hack into my account and to mock me, he even sent me a message saying that my husband called him. My husband called him and he requested him to give back the money but he snapped back," the woman said, adding that in total she had lost approximately Rs 52,000 in a week after the incident, the cops said.

Cops said to register a complaint with the police and to get the account blocked. The woman said she had lost the money and was not able to get it back.

BEATING SUMMER HEAT, THE CHIMP WAY

KEEPING COOL With temperature soaring, Mysuru zoo has added more fruits to the diet of its inmates. While monkeys have been installed at endemics to keep animals stay cool under the blazing sun, chimpanzees and African apes are being served tender coconuts. Mysuru's temperature has soared to 37.9 degrees Celsius, a record in the past five decades. Off from providing tender coconuts, fresh fruit juices to dehydrate-enhanced water to animals, the zoo has been giving special attention to keep the animals hydrated. The quantity of fruits with high water content has been increased.

IMD: Heat wave unlikely for another wk

Neha Madhava
@timesgroup.com

Pune: Maharashtra and many parts of the country - barring the coastal regions of the southern peninsula - may escape heat wave conditions, at least in the next one week, officials at the India Meteorological Department (IMD) said TOI on Saturday. Though the temperatures are expected to rise in the next summer month of March, the reason this year continues to be milder than last year, when heat wave conditions started by early March.

Met officials said even hot prone zones of Madhya Pradesh and Vidharbha may only experience "near heat wave" conditions in the next one week, and a full-blown heat wave is unlikely during this period.

Heat wave conditions are likely to appear during the last week of March and only in isolated parts of Vidharbha, east Maharashtra, southern peninsula (Andhra Pradesh, Odisha, Karnataka, south Chhattargarh and south Orissa).

From stubble to tableware: Cos turn burning problem into profitable biz

Shobha Datta
@timesgroup.com

Punjab has lakhs acres of land under paddy cultivation. Every October after the harvest, these fields are left with crop residue, also known as stubble or straw, which farmers usually burn to prepare their fields for the wheat crop. The smoke ends up choking Delhi and other parts of north India. But now some firms are not only turning crop waste into money but also saving the lungs in the process.

Farmland Pte Ltd, a three-year-old business based in Ludhiana in Punjab but it's a beginning, says Kirti Anand, CEO, Kirti Anand Industries.

"With multiple plants we will be able to reduce crop residue burning as well as the use of single-use plastics," says Anand. The company produces plates, bowls, trays, paper cups and other products from crop residue.

In Delhi, some engineers and scientists have found a way to tackle the issue. Operating from ITP campus, Kirti Anand Industries is a start-up which has been working on agricultural waste to produce products that can be used to make tableware. Anand says, "We have been able to produce 500kg of paddy straw in the past few days. Later this year, we'll be starting our first commercial facility in Ludhiana."

The paddy straw, which is burnt as stubble, can be converted into pulp, which is then used to manufacture sustainable tableware (in pic) and packaging material.

Just a fraction of the crop residue generated in Punjab but it's a beginning, says Kirti Anand, CEO, Kirti Anand Industries.

ANNEXURE 16: "CERTIFICATE" FROM SUPRETENDENT OF POLICE OFFICE FOR ESTABLISHMENT OF HEALTH CENTRE

No.CB-HC/GYM/HPCL/ 59 /2023
Office of the S. P. Gir-Somnath
Jilla Seva Sadan Inaj, Veraval
Dist : Gir-Somnath (Veraval)
Phone : (02876) 222250 Fax: 222110
Date: 28/06/2023

To,
HPCL LNG Limited,
Chhara LNG Terminal,
Kodinar, GirSomnath

Kind attention: - General Manager -Projects
Subject: - Establishment of Health Centre at Police HQ (Gir Somnath) by
HPCL LNG Limited under CER Scheme

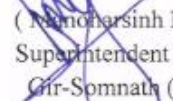

This has to reference to Collector & DM- Gir Somnath letter no.DISASTER /CSR/301/2023- letter dated 30-January,2023 and Office of Superintendent of Police- Gir Somnath letter no. cb-hc/health/100/2574/2022 letter dated-18-February-2022 for Establishment of Health Centre at our Police HQ at Inaj, Veraval, Gir Somnath.

As you are aware the nature of Job of Police persons leads to lot of Health issues. In order to address these, we are encouraging our police force for fitness and healthy lifestyle. Hence, to enhance the physical fitness there was a need for establishment of a Health Centre for Police persons and general public of Gir Somnath.

To full fill the above requirements we have approached HPCL LNG Limited vide above letter for contribution under CSR/CER Funds. In respond to which, HPLNG (100% subsidiary of HPCL) has offered support for procurement of Health equipment's and furnishing of Health centre at Police HQ.

Whereas ,on 24th May-2023 HPLNG team has successfully handed-over the entire Health Equipment's to our nominated Police HQ Representative on behalf of Office of Superintendent of Police after successful instalment and commissioning of Equipment's as per list of items in Annexure-I. During testing it was found that the Health Equipment's provided were of standard brand and quality. We here confirm that Health Equipment's are working satisfactorily and fulfilling the requirement of health care at Police HQ.

We would also like to take this opportunity to thank HP LNG team for this Noble cause Donation which will go a long way in promoting health and wellness among Police Persons and general public of Gir Somnath District.
